

St Luke's Catholic Primary School Newsletter

10th March 2017

Lent

Thank you to all the parents who attended parents evening this week. We hope you found this dialogue to be productive, ensuring your child achieves their best possible outcomes.

I am sure many of you have noticed the new basketball nets in the playground. They have been purchased through our sports premium. It has been a pleasure to see how enthusiastically they have been received. The children have been practising their basketball skills, inspired by the Cheshire Phoenix workshops and the games they have attended.

There have been lots of sporting activities this week. Thank you to all the children who have represented our school and to all the parents whose help is invaluable.

Our school was also represented by two of our KS2 pupils who shared afternoon tea with the Mayor of Chester. This was a result of a competition they entered in the autumn term. Congratulations to both Amelia and Archie, please take time to read all about it!

What a wonderful launch to Science week! Next Friday we are inviting all children to come to school dressed as a Scientist. Once they have chosen who they would like to be, we would like them to complete a little bit of research so they can share with us some interesting facts.

Music Festival

On Wednesday evening thirteen members of Class 6 attended the annual 'Music Festival' at St. Nicholas Catholic High School. The pupils represented our school incredibly well and received many positive comments from pupils and staff at the high school. The pupils worked extremely hard to learn their two songs which were performed to an audience of over two hundred people. Well done Class 6!

Afternoon Tea with the Mayor of Chester

'Yesterday I went to see the Lord Mayor of Chester because I had won an award for writing a diary about a day in the life of a Lord Mayor. It was great fun and I found out all about what it's like to be the Lord Mayor and all the challenges of being the one that people look up to. There were also lots of sandwiches that I had never even heard of! The most interesting part of the day was probably when I found out that her chain weighs half a stone!'

Amelia Espley Yr 5

'On Thursday, Amelia (Class 5) and myself (Archie - Class 6) were lucky enough to visit the Lord Mayor of Chester for afternoon tea. We had both been invited after winning a writing

competition that was judged by the Lord Mayor. I was able to walk up the grand steps into the room where tea was due to be served. We were provided with the most delicious sandwiches and cakes before being given a tour around the Town Hall. We were both able to visit the Lord Mayor's room and then the Deputy Mayor's room and finally we got to visit the Council Chambers. It was a great afternoon and we both felt very fortunate to have been chosen to attend. '

9th-16th March British Science Week

We launched our Science Week with a super assembly from Mad Science with Nuclear NAZ who introduced Science Week with fun experiments and demonstrations. There will be lots more exciting events to follow next week!

Football

9 Year 2 children entered the Everton Mini-Kickers competition and came a respectable 4th out of 9 teams. Well done to all children who played their hearts out and represented St Luke's so well . Thank you for parental support.
