## The Shopping Game - Maths

Start by saying 'My favourite thing about Maths ...' and then say a word or object linked to Maths.

For example, 'My favourite thing about Maths are prime numbers.'

The next person says your idea and then adds their own.

For example, 'My favourite thing about Maths are prime numbers and addition.'

Keep going until someone forgets.

## The Tray Game

Collect between 10-20 small items.

Place them on a tray.

Say what each object is.

Look at them for 2-3 minutes.

Cover the tray with a tea towel.

Can you write down and remember all the items?

Do you have any top tips to remember all the objects?
